QUIZ ... page 24

Please write your name here.....
Now everyone knows whom this book belongs to.

Hurry Up... turn the page and
go on an adventure with
the Four Seasons with us.

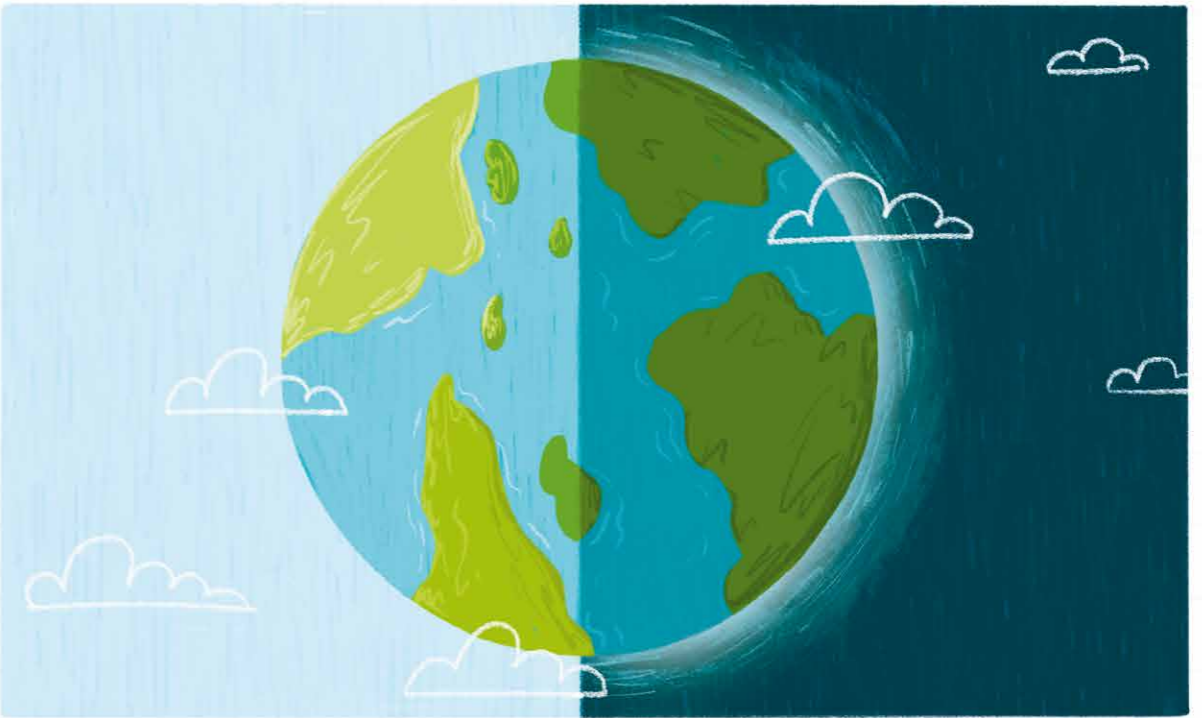

Sun and Earth

The seasons - spring, summer, fall, and winter - alternate depending on how the Earth is tilted and how far it is from the sun. It takes one YEAR for the earth to orbit the sun. Match the stickers by their shapes.

Day and Night

The rotation of the planet on its axis is what causes day and night.

Stick the smiling sun on the day side and the smiling moon on the night side

Changing Weather

Different kinds of weather happens during each season. See what kinds of weather there are.

Match the stickers by their shapes.

Spring

Nature and Animals

Nature is waking up from its winter sleep. Everything is blooming and turning green. Many babies are born. The birds are singing and the sun is warming up.

Fall

Nature and Animals

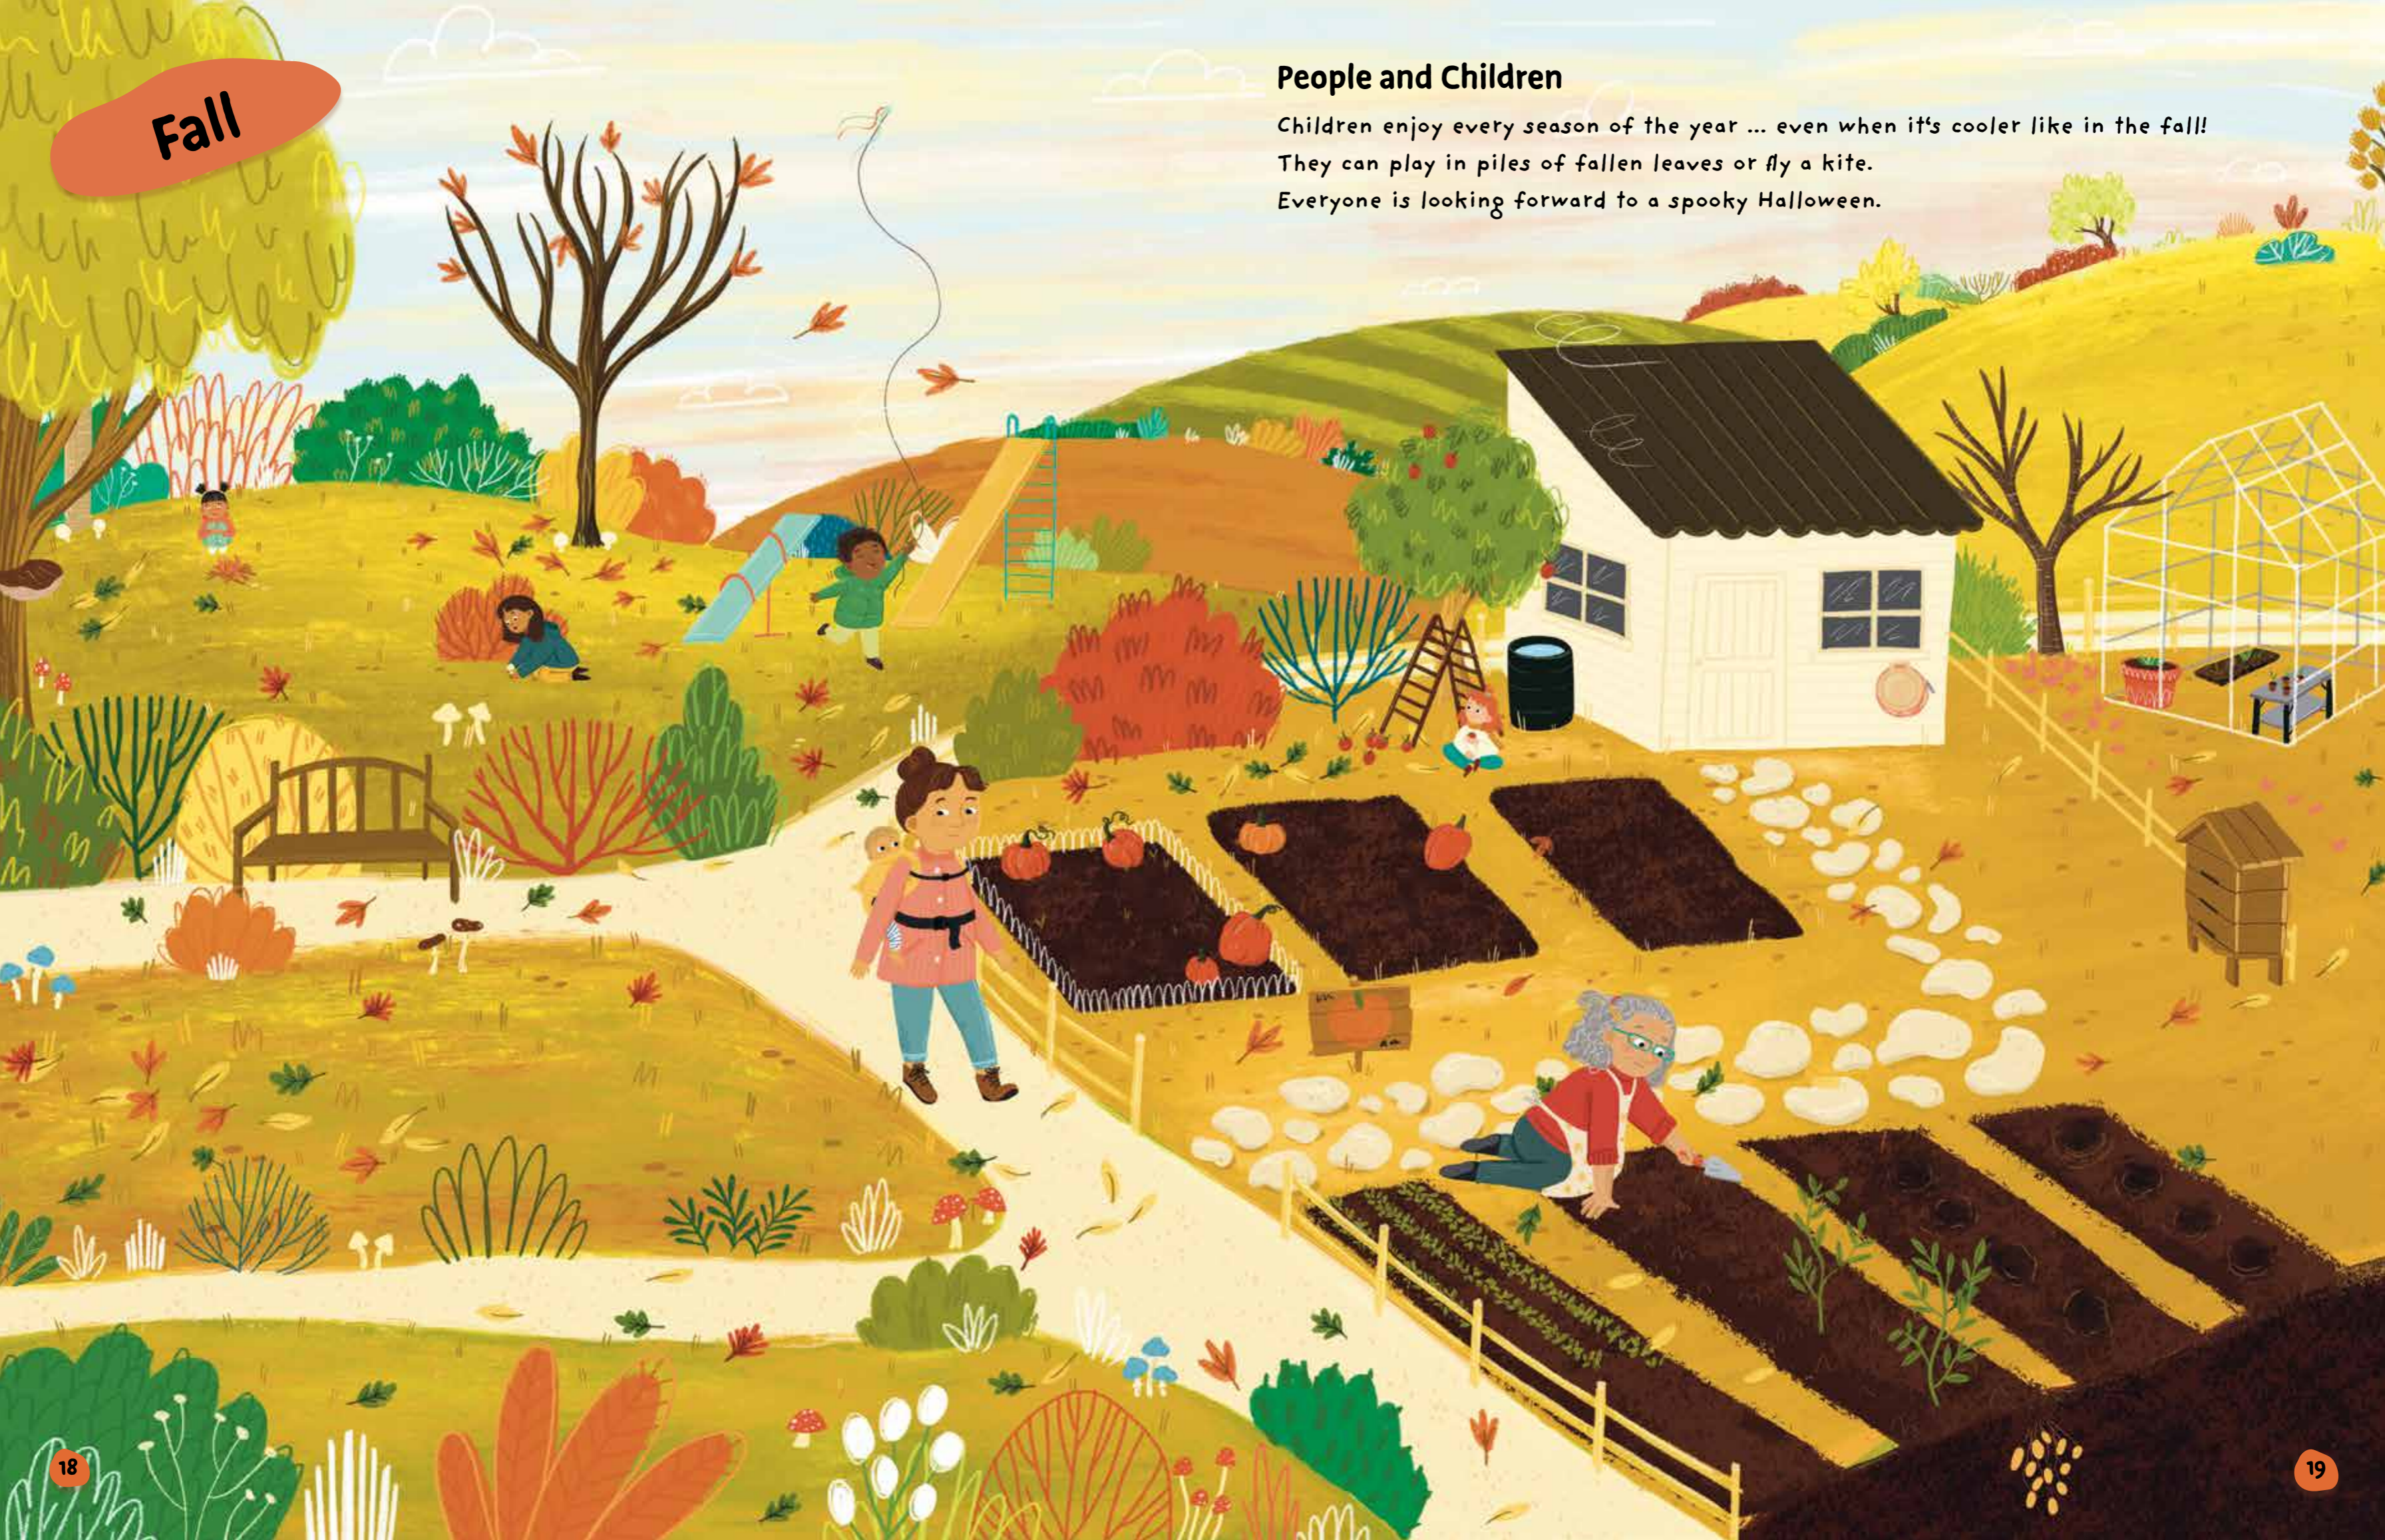

The leaves on the trees glow with colors and then fall off. The animals know that winter is approaching. Fall is a time to prepare for very cold weather.

Fall

People and Children

Children enjoy every season of the year ... even when it's cooler like in the fall!
They can play in piles of fallen leaves or fly a kite.
Everyone is looking forward to a spooky Halloween.

Deluxe STICKER BOOK

more than
350
stickers

Discover and create diverse scenes with your children.
Colorful scenarios and lots of stickers will entertain them for hours.
This book educates children in the best way possible.
...it makes learning fun!
